PART 1

THE PREAMBLE – THE SPIRIT OF CRICKET

Cricket owes much of its appeal and enjoyment to the fact that it should be played not only according to the Laws, but also within the Spirit of Cricket.

The major responsibility for ensuring fair play rests with the captains, but extends to all players, umpires and, especially in junior cricket, teachers, coaches and parents.

Respect is central to the Spirit of Cricket:

Respect your captain, team-mates, opponents and the authority of the umpires(etc).

Play hard and play fair.

Accept the umpire's decision.

Create a positive atmosphere by your own conduct, and encourage others to do likewise.

Show self-discipline, even when things go against you.

Congratulate the opposition on their successes, and enjoy those of your own team.

Thank the officials and your opposition at the end of the match, whatever the result.

Cricket is an exciting game that encourages leadership, friendship and teamwork, which brings together people from different nationalities, cultures and religions, especially when played within the Spirit of Cricket.

2. The amount of extra time allocated to the Super Over is the greater of (a) the extra time allocated to the original match less the amount of extra time actually utilized and (b) the gap between the actual end of the match and the time the original match would have been scheduled to finish had the whole of the extra time provision been utilized. Should play be delayed prior to or during the Super Over once the playing time lost exceeds the extra time allocated, the Super Over shall be abandoned. See clause 15.
3. The Super Over will take place on the pitch allocated for the match (the designated pitch) unless otherwise determined by the umpires in consultation with the ground authority and the Match Officials.
4. The umpires shall stand at the same end as that in which they finished the match.
5. In both innings of the Super Over, the fielding side shall choose from which end to bowl.
6. Only nominated players in the main match may participate in the Super Over. Should any player (including the batsmen and bowler) be unable to continue to participate in the Super Over due to injury, illness or other wholly acceptable reasons, the relevant Laws and Playing Conditions as they apply in the main match shall also apply in the Super Over.
7. Each team's over is played with the same fielding restrictions as apply for the last over in a normal T20 International match.
8. The team batting second in the match will bat first in the Super Over.
9. The fielding captain or his nominee shall select the ball with which he wishes to bowl his over in the Super Over from the box of spare (6) balls provided by the umpires. 10. The loss of two wickets in the over ends the team's one over innings.
11. In the event of the teams having the same score after the Super Over has been completed, if the original match was a tie, clause 13 immediately applies. Otherwise, the team whose batsmen hit the most number of boundaries combined from its two innings in both the main match and the Super Over shall be the winner.
12. If the number of boundaries hit by both teams is equal, the team whose batsmen scored more boundaries during its innings in the main match (ignoring the Super Over) shall be the winner.
13. If still equal, a count-back from the final ball of the Super Over shall be conducted. The team with the higher scoring delivery shall be the winner. If a team loses two wickets during its over, then any unbowled deliveries will be counted as dot balls. Note that for this purpose, the runs scored from a delivery is defined as the total team runs scored since the completion of the previous legitimate ball, i.e. including any runs resulting from wide, no ball or penalty runs.

Example:

Runs Scored From	Team 1	Team 2
Ball 6	1	1
Ball 5	4	4
Ball 4	2	1
Ball 3	6	2
Ball 2	0	1
Ball 1	2	6

In this example both teams scored an equal number of runs from the 6th and 5th ball of their innings. However, team 1 scored 2 runs from its 4th ball while team 2 scored a single so team 1 is the winner.

9. The fielding captain or his nominee shall select the ball with which he wishes to bowl his over in the Super Over from the box of spare (6) balls

provided by the umpires. Such box to include the balls used in the main match, but no new balls. The team fielding first in the Super Over shall have first choice of ball.

10. The loss of two wickets in the super over ends the team's one over inning.
11. In the event of the teams having the same score after the Super Over has been completed, if the original match was a tie, clause 13 immediately applies. Otherwise, the team whose batsmen hit the most number of boundaries combined from its two innings in both the main match and the Super Over shall be the winner.
12. If the number of boundaries hit by both teams is equal, the team whose batsmen scored more boundaries during its innings in the main match (ignoring the Super Over) shall be the winner.
13. If still equal, a count-back from the final ball of the Super Over shall be conducted. The team with the higher scoring delivery shall be the winner. If a team loses two wickets during its over, then any unbowled deliveries will be counted as dot balls. Note that for this purpose, the runs scored from a delivery is defined as the total team runs scored since the completion of the previous legitimate ball, i.e. including any runs resulting from wide, no ball or penalty runs.

Example:

Runs Scored From	Team 1	Team 2
Ball 6	1	1
Ball 5	4	4
Ball 4	2	1
Ball 3	6	2
Ball 2	0	1
Ball 1	2	6

In this example both teams scored an equal number of runs from the 6th and 5th ball of their innings. However, team 1 scored 2 runs from its 4th ball while team 2 scored a single so team 1 is the winner.
